

Benjamin Davis wins Carbohydrate Research Award for Creativity in Carbohydrate Chemistry (2009)

The 2009 Carbohydrate Research Award for Creativity in Carbohydrate Chemistry has been given to Professor Benjamin G. Davis, Department of Chemistry, University of Oxford, UK. This prize has been established in 2001 by the Editors and the Publisher of Carbohydrate Research, and the prize is sponsored by Elsevier Science. The aim of the award is to recognize a young and promising glycoscientist, who has demonstrated excellent research in the field.
